

# Travel Cash. **THE SECURE TRAVEL CARD.**

### **Accepted worldwide.**

You can use your Travel Cash card like a Mastercard credit card to pay in more than 44 million shops worldwide and online and to withdraw cash from more than 2 million ATMs. The Travel Cash card is also accepted everywhere in Switzerland. In addition, in many shops you can make quick and convenient contactless payments with your card or your mobile device (e.g. with your smartphone or a smartwatch).

### **Easily available, quick to load.**

Swiss Bankers Travel Cash can be obtained quickly and easily from most banks (including PostFinance) and SBB Change, where a credit balance of between 100 and a maximum of 10 000 euros, US dollars, or Swiss francs can be loaded at any time. Additionally following loading possibilities are available:

- By e-banking and personal ESR reference number
- Via «My Card» App by credit card
- Via PostFinance

The desired amount is generally credited to your card account within 15 minutes (ESR transactions can take up to two working days).

### **Also available in euros and US dollars.**

The Travel Cash card is not only available in Swiss francs but also in euros and US dollars. As a result, you can avoid unnecessary currency conversions and the ensuing exchange rate losses while travelling in Europe and in the USA.

### **Very secure.**

Swiss Bankers Travel Cash is secure: Your card can only be charged when funds have been loaded. If lost or stolen, your card will be replaced worldwide by courier free of charge. Your credit balance will be preserved. Moreover, Swiss Bankers Travel Cash is equipped with the latest chip technology and offers added protection against online card fraud.

In addition, the «My Card» app lets you adjust your Travel Cash card to your needs:

- Immediately block or unblock the card in the event of loss
- Block or unblock the card for online purchases or contactless payments
- Block or unblock countries in which you do not wish to use your card

**No annual fee.**

There is no annual fee for your Travel Cash card. You merely pay a loading commission, generally 1.5% of the load amount. ATM withdrawals are charged at EUR 5.–, USD 5.–, or CHF 5.– only, depending on the card currency. When you use the card in shops or online, the fee is EUR 1.–, USD 1.–, or CHF 1.–.
