

THE PRIME CARD.

Worldwide acceptance.

You can use the Prime Card to withdraw cash from any one of about 2 million ATMs or to make direct payments as with a credit card at over 36 million stores and online shops accepting MasterCard.

Exclusive card design.

The exclusive, high-quality card design will make you a welcome customer worldwide.

Quickly available, easy to load.

The Prime Card is easily and quickly available at your bank, where funds can be loaded at any time. Choose the desired amount up to a maximum of 20,000 euros, US dollars or Swiss francs. The load amount is debited to your bank account.

Three currencies.

The Prime Card is available in euros and US dollars so that no currency conversion is involved in payments and cash withdrawals in Europe and in the USA, respectively. As a result, no exchange losses are incurred. The card is also available in Swiss francs.

Utmost safety.

The Prime Card is secure: Your card can only be charged when funds have been loaded. If lost or stolen, your card including your credit balance will be replaced worldwide by courier free of charge. Furthermore, the Prime Card is equipped with the latest chip technology and offers added protection against online card fraud thanks to the SecureCode.

Protected funds.

The Prime Card is issued by Swiss Bankers Prepaid Services Ltd, the leading issuer of prepaid credit cards in Switzerland, owned by Swiss banks. Swiss Bankers holds a banking license so that your card assets are fully covered by the depositor protection scheme.

No annual fee.

There is no annual fee for your Prime Card. You merely pay a loading commission, generally 1,5% of the load amount. ATM withdrawals are only charged EUR 5.–, USD 5.– or CHF 5.–, depending on card currency. When you use the card in shops or online, the fee is EUR 1.–, USD 1.– or CHF 1.–.

Everything under control thanks to the «My Card» app.

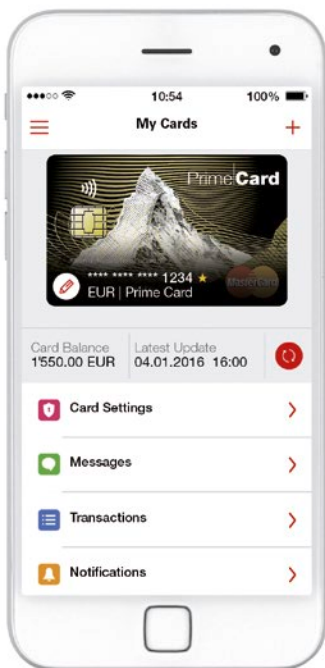

Download the free «My Card» app to your smartphone and view your card loads, expenses, cash withdrawals, and current card credit balance. And let yourself be notified after each transaction via the app or by SMS.

In addition, the «My Card» app lets you adjust your Prime Card to your needs:

- Completely and immediately block the card in case of loss
- Block the card for online purchases or contactless payments
- Block countries in which you do not wish to use your card

You can cancel all these blockages at any time by yourself.

You can also check your card account online at www.primecard.ch or by phone via the Swiss Bankers Customer Service at +41 31 710 12 15.

Your benefits:

- Quickly available
- Easy to load
- Available in euros, US dollars and Swiss francs
- Accepted like a credit card
- Free replacement when lost
- No annual fee
- Full control thanks to the free «My Card» app
